Mr. D. S. Myer;

Dear Sir:

In reply to your letter regarding Frederick Hirsohima, I am sorry that I cannot give you very much information concerning him.

I have only known him personally through recent business arrangements concerning farm land upon which he lived. I met Mr. Hirshohima through Mr. F. Chickasawa, whom I have known for about fifteen years. Mr. Chickasawa, I believe, is Mr. Hiroshima's brother-in-law. As far as my business relationship is concerned, I have found him to be sincere and desirous of being helpful in any way he could in aiding me to take over the farm land and keep it up as his family had farmed it.

Regarding his general standing and reputation in the community, I believe he has been turstworthy and upright. This, of course, is my opinion, since I have heard nothing disruptable about him from any of the neighbors in the community with whom I have talked.

I sincerely hope this has been of some use to you and answers some of the things you wished to know.

Sincerely,
